Quality Excellent

My experience with these folks was better than I could have ever hoped for! My fiancé and I are getting married this upcoming July. They helped in creating the most amazing custom designed wedding band I've ever seen. I took the time to do my research as to what I was looking for.

Once I had the idea they went to work. Sent up to date emails to let me know where they were in the process and for additional feedback and ideas. Needless to say, once it was completed which only took a couple weeks. My mountain scene wedding band is amazing! The detail is beautiful and it's just what I always imagined my ring would look like. The detail of casting in the trees, rivers, mountains and cabins are incredible to look at. As you spin the ring around you feel as if it takes you to the Rocky Mountains. Being that that's where I'm from and our love of the mountains and nature it is the perfect ring. They even took the time to engrave two twin owls on the inside with our wedding date. We are getting married on Twin Owl Loop in Colorado. It was very kind of them to do that for us. I would recommend this company to anyone looking for a very fair price with expert craftsmanship work on anything you need done. I will be using them for anything I can. Thanks so much to everyone there.
