Quality Excellent

I am writing this for my husband John. "I was very pleased and completely satisfied with a custom design pendant that I recently purchased for my wife for our 45th anniversary. Shawn Humphreys was very receptive, creative and cooperative with my desires and instructions and also suggested slight modifications which only improved the finished product. All of the Humphreys, Shawn, his beautiful wife and his mother have always been a joy to work with and very helpful whenever a need arises for purchase, as well as the rest of their staff. I would highly recommend them to anyone looking for a reliable helpful and trusted jeweler."- John
